RE: Benchmark Construction Co.

To Whom It May Concern:

Benchmark Construction recently remodeled our bank branch, and we are very happy with the final result. They were professional, reliable, and very conscientious of our input and requests.

All of the contractors and sub-contractors were hard working and efficient. It was a pleasant surprise to me to have it all go so smoothly. They are also very good with any follow-up and in checking back to make sure everything is as it should be.

I would highly recommend them to anyone needing or wanting the great service they provide.

Sincerely,

Connie H. Tolmie
V.P. and Manager
Wilder Branch
